

Kyaw Min Thu

24036948@myrp.edu.sg 86462614 <https://minthu63.github.io/Portfolio/>

A final-year Financial Technology student with experience in team-based web and app development seeks an internship position with a forward-thinking tech or fintech company. Equipped with strong programming, data management, and problem-solving skills, able to contribute in web development, data analysis, and user-focused application design.

Education

Secondary School- Conqueror Academic of Education (Myanmar)	2019-2020
Diploma in Financial Technology	Republic Polytechnic
Major: Financial Technology	2024 - 2027(Expected)

Skills

Soft Skills : Teamwork · Self-Motivation · Time Management · Positive Attitude · Attention to Detail · Community Volunteering & Teaching

Technical Skills: SQL Python Ethereum & Smart Contracts RegTech Encryption PowerBI
Tableau React Express.js FastAPI Microsoft Excel SAP

Work Experiences

Restaurant Server (Part-Time) · EN Group (Singapore) May 2024 - Present

- Handled multiple tables efficiently during peak hours, improving table turnover rate by 25%
- Ensured accuracy in orders and timely food delivery, resulting in a 30% reduction in order errors
- Supported team members to improve service flow, fostering collaboration that led to a 10% increase in overall service efficiency

Achievements

- Director's Roll of Honour (2024 semester 2 & 2025 semester 1)**
Awarded for two consecutive semesters for outstanding academic performance, placing in the top percentile of the cohort.
- Module Prize (Distributed Ledger Technologies)** Republic Polytechnic AY2025
Awarded the Module Prize for achieving the highest distinction in Distributed Ledger Technologies. Award monies credited as recognition of outstanding academic performance.

Projects

- Automated Regulatory Monitoring System and Compliance Management System (FYP - In Progress)** 2026-Present
Leading a team as Team Leader to develop an NLP-powered regulatory compliance dashboard for Green Link Digital Bank. Coordinating full-stack development (Python, FastAPI, React), managing stakeholder communication, and overseeing NLP pipeline integration for automated regulatory document parsing.
- MetaShop DApp (Team Project)** Dec 2025 – Jan 2026
Collaborated in a team to build a decentralized Web3 e-commerce marketplace on Ethereum. Designed smart contract architecture (escrow payments, ERC20 loyalty tokens) using Solidity and Truffle, and integrated MetaMask wallet connectivity with the Express.js frontend. <https://github.com/MinThu63/metashop-dapp>
- C372 Bookstore Web App (Team Project)** Oct 2025 - Feb 2026

Owned the payment subsystem end-to-end within a 4-person Agile team - implemented Stripe, PayPal, and NETS gateways with webhook handling, refund logic, and idempotent transaction design using Node.js and MySQL.

Activities

- AI Product Bootcamp** Apr 2026
Participated in a 2-day intensive bootcamp focused on building AI-powered products, covering ideation, prototyping, and deployment strategies.
- Be Cyber Safe Workshop for Seniors at Fernvale Community Club** AY2026 (Volunteer)
Taught elderly residents how to identify and avoid online scams, guiding them through practical digital safety exercises in a community setting.
- CapCut — Prototyping for Video Editing at Greenwood Primary School** AY2025 (Volunteer)
Introduced primary school students to video editing fundamentals using CapCut, helping them create short videos through hands-on guided sessions.
- The Little Learner's Initiative** (YCLP Group 5) AY2025 (Volunteer)
Befriended and assisted groups of children and seniors at community booth activities, helping them enjoy and participate in interactive learning experiences.

Competition

- RobotX Challenge 2026 — RSN & FSTD (In Progress)** Nov 2026
Designing and deploying autonomous maritime systems (USV + ROV) in a team of 3–4, competing against polytechnics and ITEs in a national robotics challenge.
- Skills Ignition SG AI Challenge 2026 — IMDA & Google — (In Progress)** May 2026
Building an AI Strategy Blueprint for a real-world business problem using Google Gemini and NotebookLM. Competing for Top 50 selection and cash prizes up to \$5,000.
- Whitehacks 2026 — Capture The Flag (CTF) — SMU Whitehat Society 2026 (In Progress)** 20 Jun – 28 Jun
Participating in a cybersecurity CTF competition covering Cryptography, Reverse Engineering, Web exploitation, and Forensics.

Languages

Burmese (Fluent) English (Fluent)

Certifications

Certificate of High School Academic Distinction (Matriculation Exam) Myanmar 2019–2020
Achieved distinction in 5 out of 6 subjects in the national matriculation examination, demonstrating strong academic performance and comprehensive subject mastery.

SAP S/4HANA FIORI 3.0 Certification Oct 2025 – Mar 2026
October 2025 – March 2026 Completed enterprise system certification in partnership with SAP and Republic Polytechnic, School of Infocomm.

Google AI Professional Certificate - Google (via Coursera) Apr 2026
Completed a 7-course programme covering AI Fundamentals, Brainstorming & Planning, Research & Insights, Writing & Communicating, Content Creation, Data Analysis, and App Building using Google Gemini.
