Diploma in Financial Technology student at Republic Polytechnic with hands-on experience in full-stack development, data analytics, and fintech applications. Skilled in Python, React, FastAPI, SQL, and problem-solving, with a strong interest in working with data and building technology-driven solutions. Seeking internship opportunities in fintech companies and the banking industry.

Education

Diploma in Financial Technology Republic Polytechnic 2024 - 2027(Expected)

Skills

Soft Skills : Teamwork · Self-Motivation · Time Management · Positive Attitude · Attention to Detail · Community Volunteering & Teaching

Technical Skills: Programming (Python, SQL, React, Express.js, FastAPI) Data & Analytics (Power BI, Tableau, pandas) FinTech & Security (Ethereum, Smart Contracts, RegTech, Encryption) Tools & Platforms (SAP, MySQL, Microsoft Excel, Word, PowerPoint)

Work Experiences

Restaurant Server (Part-Time) EN Group (Singapore) May 2024 - Present

- Managed multiple tables efficiently during peak hours while maintaining service quality
- Ensured accurate order handling and timely food delivery
- Collaborated with team members to improve workflow and customer experience

Achievements

- Director's Roll of Honour (AY2025 Semester 2 & AY2026 Semester 1)** Republic Polytechnic
Awarded for two consecutive semesters for outstanding academic performance, placing in the top percentile of the cohort.
- Module Prize (Distributed Ledger Technologies)** Republic Polytechnic AY2025
Awarded the Module Prize for achieving the highest distinction in Distributed Ledger Technologies. Award monies credited as recognition of outstanding academic performance.

Projects

- Automated Regulatory Monitoring System and Compliance Management System (FYP - In Progress)** 2026-Present
Leading a team to develop a full-stack compliance platform for a MAS-licensed digital bank.
- Transaction Analysis & Fraud Detection Dashboard**
Developed a full-stack fraud detection dashboard using React and FastAPI with data analytics, risk scoring, and fraud monitoring features. <https://github.com/MinThu63/Transaction-Analysis-Fraud-Detection>
- Credit Risk Scoring ML Pipeline**
Developed a machine learning pipeline using Python and MySQL to predict loan applicant risk through data analysis and predictive modelling. <https://github.com/MinThu63/Credit-Risk-Scoring-ML>

Activities

- AI Product Bootcamp** Apr 2026
Participated in a 2-day intensive bootcamp focused on building AI-powered products, covering ideation, prototyping, and deployment strategies.
- Be Cyber Safe Workshop for Seniors at Fernvale Community Club** AY2026 (Volunteer)

Taught elderly residents how to identify and avoid online scams, guiding them through practical digital safety exercises in a community setting.

- Youth Action Forum (SG60 Signature Event)**

Participated in leadership workshops and networking sessions to build community engagement and strategy skills.

Competition

- RobotX Challenge 2026 — RSN & FSTD (In Progress)** Nov 2026
Designing and deploying autonomous maritime systems (USV + ROV) in a team of 3–4, competing against polytechnics and ITEs in a national robotics challenge.
- Skills Ignition SG AI Challenge 2026 — IMDA & Google — (In Progress)** May 2026
Building an AI Strategy Blueprint for a real-world business problem using Google Gemini and NotebookLM. Competing for Top 50 selection and cash prizes up to \$5,000.
- Whitehacks 2026 — Capture The Flag (CTF) — SMU Whitehat Society 2026 (In Progress)** 20 Jun – 28 Jun
Participating in a cybersecurity CTF competition covering Cryptography, Reverse Engineering, Web exploitation, and Forensics.

Languages

Burmese (Fluent) English (Fluent)

Certifications

- Certificate of High School Academic Distinction (Matriculation Exam)** Myanmar 2019–2020
Achieved distinction in 5 out of 6 subjects in the national matriculation examination, demonstrating strong academic performance and comprehensive subject mastery.
- Google AI Professional Certificate - Google (via Coursera)** Apr 2026
Completed a 7-course programme covering AI Fundamentals, Brainstorming & Planning, Research & Insights, Writing & Communicating, Content Creation, Data Analysis, and App Building using Google Gemini.
